FAQ

- **Q: Will this serum make my skin oily or cause breakouts?**

- **A:** No. We use a non-comedogenic base of Almond and Coconut oils refined for rapid absorption. Rakta Chandan and Amba Haldi naturally regulate sebum and calm inflammation, making it suitable even for oily and acne-prone skin.
 - **Q: How long does one 30ml bottle last?**
 - **A:** If used daily (3-4 drops per application), one bottle typically lasts 45–60 days.
 - **Q: Can I layer this with active chemicals like Retinol or Vitamin C?**
 - **A:** Yes. Because our ingredients are 100% natural and pH-balanced, they complement synthetic actives. We recommend applying our serum first to provide a "botanical buffer" for the skin.
 - **Q: Is it safe for use during pregnancy?**
 - **A:** Absolutely. Our formula is free from synthetic retinoids, salicylic acid, and parabens, using only traditional Ayurvedic herbs safe for expectant mothers.

Our

Ayurvedic Radiance Serum

is highly rated for its ability to visibly fade stubborn tan and dark spots using Rakta Chandan and Saffron. Users frequently note an immediate "golden glow" and improved skin texture within 10–12 days. While most find it deeply hydrating and lightweight, those with very oily skin appreciate its non-greasy finish.
